

S.3 GEOGRAPHY PAPER 1 DISCUSSION: ITEM SET 5

1. Study the sketch map below and answer questions that follow:

(a) Name:

- i) National parks; 1, 2 & 3,
- ii) Game reserves; P, Q & R
- iii) Rivers; X, Y & Z.

(b) Other than National parks, outline three major tourist attractions in East Africa.

(c) Explain the reasons why the Kenya tourist industry is better developed than Uganda and Tanzania.

(d) Explain why the problems facing the tourism industry in East Africa

(e) Suggest measures that can be taken to improve the tourism industry of East Africa.

2. Study the climate statistics for station **Z** and answer the questions that follow:

Station Z: Altitude (2150 M)

Months	J	F	M	A	M	J	J	A	S	O	N	D
Temp(°C)	25	24	23	22	21	22	21	21	22	24	24	24
Rainfall(mm)	75	115	155	249	295	160	160	185	150	135	110	65

- a) Draw a suitable graph to show the climate station **Z**
- b) Calculate the:
 - i. Mean annual temperature,
 - ii. Annual range of temperature,
 - iii. Mean annual rainfall
- c) Describe the:
 - i. Characteristics of the climate experienced at the station
 - ii. Economic activities which are carried out in the area where the station is located
 - iii. Explain the problems likely to face people living in the area around Station Z
- d) Giving reasons for your answer, state the hemisphere in which the station is found.
